

WALK THROUGH^{THE} BIBLE

Bringing the Bible to life

Walk through the Bible is a national Christian charity enabling churches to support their local schools in bringing the Bible alive for primary school aged children.

Michael Field, a member of our congregation at St John's Hartford and a retired minister, has been trained by WTTTB to be a presenter.

The WTTTB website, www.bible.org.uk/wtb_child_events.php says;

“Our educational programmes OT MINI and NT MINI are taught exclusively to children in the final 2 years of primary school. They are a series of five one-hour lessons which help children engage with the Old and New Testament. Our unique keywords and hand signs help everyone remember the storyline. Above all it's FUN, it gets children excited about the most amazing book of all time.”

Each course fulfils the requirements of the RE curriculum, enabling the children to gain a unique insight into the Bible. There is no charge for having WTTTB in your school. We simply need access to a laptop and screen. Michael is fully DBS checked, although we would ask that a teacher remains present with the class during each of the sessions.

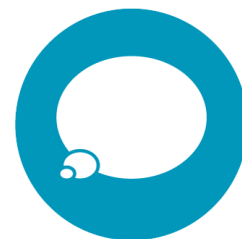

To book WTTTB for your school, or if you have any questions, please contact Teresa Nixon on 01606 872255 or email teresa@stjohnshartford.org
